Ride out Hyde Park, Smith and Hwy 45. First stop at Mt. Gilead Road. After leaving first stop, keep small groups of 4-5 so cars can pass easier. It is safer for us as well. Keep good separation between groups. Second stop is just after turning onto Tunnel Road. Third stop is at the fire station on Old 37. Use caution on downhill to Griffey Lake. There is a dangerous SHARP left hand bend at bottom of the hill. Last stop (optional) for those that want to gather to ride back through town is at Headley and the Bypass.
